JUSTIFICATION (Provide Vendor name, How were they selected, Why requesting to waive purchasing policy process):

Valero (Diamond Shamrock) is the only gas (station) vendor that Arapahoe/Douglas Works! has identified, over two+ decades of providing gas as a supportive service to eligible participants, that is willing to work with our specific financial requirements including utilizing our multipart NCR gas voucher form, keeping all register receipts, and removing charges that can not be substantiated.

Two Valero gas stations are used in Arapahoe County and one in Douglas County by eligible program participants enrolled in programs such as the Workforce Innovation and Opportunity Act, Snap-Ed, H1B, Tech-P grant, National Emergency Grant, as well as other discretionary programs such as our Department of Corrections "Road to Work" grant program and our Veterans grant program.

Valero employees use a "Fleet" credit card to charge our account when a participant comes into the station with a valid gas voucher and identification prior to pumping gas. We receive an itemized monthly billing in which individual gas vouchers are tracked by individual participant charge. We can then compare to copies of gas vouchers and charge appropriate grant programs. Because this is a "Fleet" credit card account, we are able to take advantage of a fleet discount off of the total monthly invoice that is prorated among the programs. These gas vouchers can only be used to purchase gas in various dollar-increments, such as \$20. This arrangement provides a low internal control risk to Arapahoe/Douglas Works!

We request that this waiver be approved for 1 year plus an additional 3 years.
