**Arapahoe County MAT Continuation Project
Memorandum of Understanding**

Upon entering the Arapahoe County judicial system, many people report having an addiction to and/or recent use of opioids. Medication Assisted Treatment (MAT) is effectively used to treat severe opioid use disorder. Arapahoe County on behalf of the Arapahoe County Sheriff's Office (the "ACSO"), in collaboration with Correct Care Solutions, LLC ("CCS") and various local opioid treatment providers, is implementing a MAT Continuation Program to assist individuals who are already actively participating in a MAT program to continue such treatment in the event they become incarcerated at the Arapahoe County Detention Facility. The MAT Continuation Program (hereinafter "Program") is a collaborative project with Colorado Opioid Treatment Programs (hereinafter "OTPs") that will allow patients in the Arapahoe County Detention Facility to continue on MAT while in custody at the Arapahoe County Detention Facility, therefore allowing patients a safe and secure environment to continue MAT treatment prior to transitioning to the community.

- I. Purpose
 - a. This Memorandum of Understanding (MOU) sets out the terms by which the ACSO, CCS, Addiction Research and Treatment Services (ARTS), Denver Recovery Group (DRG), and Behavioral Health Group (BHG) will work together to continue the Program for eligible patients on MAT while they are in custody in the Arapahoe County Detention Facility.
 - b. The main purpose of this collaborative project is to facilitate MAT in a safe and controlled environment for patients who have been otherwise unable to continue this medication specifically due to being incarcerated at the Arapahoe County Detention Facility.
 - c. OTPs of this MOU are identified as:
 - i. Addiction Research and Treatment Services (ARTS)
 - ii. Denver Recovery Group (DRG)
 - iii. Behavioral Health Group (BHG)
 - d. Medication Assisted Treatment (MAT) is defined (by the Substance Abuse and Mental Health Services Administration, aka SAMHSA) as:
 - i. The use of medications, in combination with counseling and behavioral therapies, for the treatment of substance use disorders. A combination of medication and behavioral therapies is effective in the treatment of substance use disorders, and can help some people to sustain recovery.
 - ii. All patients within the MAT program may not require counseling, while incarcerated; however, CCS may recommend counseling to the treating OTP. If the treating OTP indicates that counseling is required; this service shall be arranged. Communication on the OTP's decision on the need for counseling shall be relayed back to CCS within five (5) business days. The decision to add counseling shall be

coordinated with the patient's appropriate OTP and documented in the patient's (incarcerated) medical chart.

- iii. Medications used in MAT may be methadone, buprenorphine products (e.g., Suboxone, Subutex), naltrexone, extended-release injectable naltrexone (e.g., Vivitrol) and disulfiram (e.g., Antabuse).
-

II. Roles and Responsibilities

a. CCS

- i. CCS nursing staff will identify patients currently enrolled in a MAT treatment program during the pre-book screening and overall receiving process.
 - ii. Upon applicable current MAT treatment identification, CCS nursing staff will educate involved patients as to the Program within the Arapahoe County Detention Facility and obtain the patient's written consent to participate in the Program, as well as obtain a Program specific, Release of Information (ROI) form, which specifically includes all collaborating agencies of the Program.
 - iii. CCS nursing staff will confirm admission and current participation in MAT treatment of identified patients through the applicable OTP or the Office of Behavioral Health (OBH). These efforts shall be documented in the electronic medical record.
 - l. Enrollment inquire will include:
 - a. First name
 - b. Last name
 - c. Social Security Number and/or Date of Birth
 - iv. Following enrollment confirmation, CCS nursing staff will contact the respective OTP to verify applicable dosing information.
 - v. If the patient is actively participating in MAT outside the identified Program OTPs, a temporary bridge dose ("bridge dose") process may occur in accordance with applicable laws and regulations including DEA regulations (refer to Section "II(e)" for more information).
 - vi. CCS nursing staff will coordinate with OTPs for medication re-ordering and delivery scheduling for patients requiring continued MAT Program medication needs.
 - vii. CCS nursing staff will obtain custody of, verify, and properly secure MAT medications delivered to the Arapahoe County Detention Facility, as provided by OTPs.
 - viii. Upon receipt, verification, and proper storage of Program medications for applicable patients, CCS nursing staff will immediately enter such medication order into the involved patient's electronic medical record.
-

- ix. CCS nursing staff will administer MAT Program medications and monitor patient's medical condition, recording such information in the involved patient's electronic medical record and applicable controlled substance log records.
 - x. CCS nursing staff will record any refusal of MAT Program medications according to standard CCS refusal of service protocols, documenting such activity in the involved patient's electronic medical record.
 - xi. CCS nursing staff will monitor the involved patient's medical needs to ensure patient's medical needs pertaining to applicable withdrawal signs and symptoms are addressed in a timely manner, consistent with CCS withdrawal protocols and provider treatment recommendations.
 - xii. CCS nursing staff will dispose of expired MAT medications, including OTP delivered controlled substances, according to internal (ACSO and CCS) policies that are associated with the destruction of controlled substances.
 - xiii. CCS nursing staff, medical records, or administrative staff will coordinate scheduling of applicable counseling and behavioral health treatment with ACSO and involved OTPs. Such information shall be documented and scheduled in the involved patient's (incarcerated) electronic medical record.
 - xiv. CCS will coordinate with Program OTPs related to any request for a patient to be transported for medically necessary appointments, such as OTP physician exams or follow-up appointments.
 - 1. Such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.
 - xv. CCS medical records or nursing staff will coordinate with Program OTPs in the event a Program OTP physician needs to come on-site to the Arapahoe County Detention Facility to meet with an involved patient, and/or facilitate such encounter via telemedicine, in the event such option becomes available.
 - xvi. CCS administrative staff will coordinate applicable facility clearance requests with involved Program OTP staff and ACSO to ensure proper clearance is requested, granted and such results are communicated back to involved Program OTP in a timely manner.
- b. ACSO
- i. ACSO will work with CCS staff and Program OTPs to arrange transports for medically necessary appointments, such as OTP physician exams or follow-up appointments.
 - ii. ACSO Drug Court Coordinator, or designee, will send referrals from the docket to the email distribution list no later than 5:00PM on the same day the referral is made.
 - iii. ACSO will process all Program OTP representative facility clearance requests, communicating such results to CCS administrative staff.
 - iv. ACSO will accommodate and provide a confidential setting in a secured area for an approved Program OTP representative to meet with Program patients for

counseling, behavioral health and/or provider encounters as deemed necessary for the MAT Program treatment needs of each patient.

c. OTPs

- i. OTPs will provide CCS with their respective clinic information, specifically providing:
 1. Contact information, including daytime contact number and "after hours" contact number;
 2. Hours of operation;
 3. Facility provider name and credentials; and,
 4. Delivery Schedule of medications to the Arapahoe County Detention Facility (each day Monday – Saturday).
 - ii. OTPs will coordinate with CCS and ACSO to provide an approved, universal blank, ROI to be used by all Program OTPs.
 - iii. Following receipt of a Program ROI, OTPs will confirm current admission and participation in a MAT program at their respective facility, with such confirmation being provided back to CCS nursing staff.
 - iv. OTPs will prepare, document accordingly and deliver identified MAT Program medications to the Arapahoe County Detention Facility, making efforts to reduce the patients' number of missed doses of medication.
 1. Medication delivered will follow OBH, DEA and federal rules and guidelines.
 2. OTPs will acquire necessary permissions to deliver medications.
 3. Amount of medication delivered may not exceed seven (7) doses at any given time per patient.
 - v. OTPs will coordinate ongoing medical care, such as OTP physician visits with CCS, and any applicable counseling.
 1. Upon notification of potential counseling needs, the treating OTP will review recommendation, and respond to CCS within five (5) business days.
 - vi. OTP representatives who may come on-site to meet with any Program patients will complete a required facility clearance form, providing such information to CCS administrative staff as needed for proper facility clearance purposes.
 - vii. OTPs will communicate with CCS staff to schedule and coordinate transportation for counseling and behavioral health treatment for Program patients
 - viii. OTPs will communicate with CCS staff to coordinate any requests that a patient be transported to an OTP for medically necessary appointments, such as OTP physician exams and/or follow-up appointments.
 1. OTPs are aware such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.
 - ix. In conjunction with applicable laws and guidelines, OTPs will provide bridge dosing for individuals confirmed to be currently participating in a MAT treatment
-

program from a provider outside the Program OTPs. Refer to Section e below for more information.

d. Office of Behavioral Health (OBH)

- i. OBH will provide CCS nursing staff with OTP enrollment confirmation upon request.

e. Bridge Dosing:

- i. Patients identified as currently admitted to and participating in a MAT treatment program provided by an OTP clinic that is not party to this MOU will be able to continue such MAT treatment under a Program OTP while incarcerated at the Arapahoe County Detention Facility.
- ii. In order to qualify for bridge dosing, patients will be required to sign an ROI so that the non-Program OTP clinic may provide treatment information to CCS and to the OTP that provides the bridge dosing (see section II(a)(ii) above)
- iii. Cost of services will fall under preexisting agreements between ACSO, CCS and the bridge dosing OTP.

III. Cost of Services

- a. The Parties agree that the costs for services under this MOU shall be in accordance with the following fee schedule:
 - i. Delivery of medications: \$75 per delivery (each trip constituting a "delivery" regardless of number of doses of any particular medication delivered)
 - ii. Methadone: \$12 per dose
 - iii. Suboxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose
 - iv. Buprenorphine/naloxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose
 - v. Vivitrol: \$1193.20 per dose
 - vi. Antabuse: \$12.67 per dose
- b. The OTPs shall submit invoices to CCS for payment of the services described in this Agreement. Invoices shall be submitted within thirty (30) days following the month of service (e.g., invoices shall be submitted by or before the end of August 2018 for services rendered in July 2018). CCS shall pay said invoices within sixty (60) days. CCS shall be responsible for remitting payment to the OTP in a timely manner. The ultimate responsibility and/or sharing of the costs of the services under this Agreement between CCS and the ACSO shall be the subject of a separate cost-sharing agreement between CCS and the ACSO.

IV. Risk

- a. Each party to this MOU shall be responsible for its own acts and/or omissions and the acts and/or omissions of its employees, contractors, and agents.

V. Evaluation

- a. In order to determine the effectiveness of the Program, certain measures will be collected and tracked by the participants of the Program.**
- b. In collaboration with the ACSO and the OTPs, CCS shall collect, track, and report:**
 - i. Number of individuals identifying as currently participating in an opioid MAT treatment program.**
 - ii. Number of individuals verified to be currently participating in an opioid MAT treatment program.**
 - iii. Number of individuals receiving MAT Program medications in the Program, with specific tracking of**
 - 1. Which specific medications are being administered, and**
 - 2. From which specific Program OTP.**
 - iv. Number of individuals involved as a bridge dosing MAT Program patient.**
 - v. Number of deliveries, including tracking of number of doses, occurring from each Program OTP.**
- c. In collaboration with the ACSO and CCS, OTPs shall collect, track, and report:**
 - i. Number of instances of relapse in opioid use at 2 weeks, 1 month and 3 months post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.**
 - ii. Number of physician encounters by an OTP physician meeting with a MAT program patient**
 - 1. at the Arapahoe County Detention Facility, and**
 - 2. at the applicable OTP clinic.**
 - iii. Number of counseling treatment encounters by an OTP counselor meeting with a MAT program patient**
 - 1. at the Arapahoe County Detention Facility, and**
 - 2. at the applicable OTP clinic.**
- d. The measures outlined in Sections V(a)-(c) shall be collected on a monthly basis and submitted to the ACSO Administrative Manager by the 10th of each month (displaying the previous month's activities).**
- e. CCS and the ACSO shall collaborate to track recidivism (return to jail) within one (1) year post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.**

VI. Term and Effect

- a. This MOU will remain in effect for twelve (12) months unless amended or terminated as set forth below.**
- b. This MOU may be amended at any time, upon written agreement of the involved parties.**

- c. Any party may terminate its involvement in this MOU without cause upon 30 days' notice to the other parties. Notices under this Agreement shall be addressed to: the ACSO, OTPs, and CCS as follows:

**Arapahoe County MAT Continuation Project
Memorandum of Understanding**

Upon entering the Arapahoe County judicial system, many people report having an addiction to and/or recent use of opioids. Medication Assisted Treatment (MAT) is effectively used to treat severe opioid use disorder. Arapahoe County on behalf of the Arapahoe County Sheriff's Office (the "ACSO"), in collaboration with Correct Care Solutions, LLC ("CCS") and various local opioid treatment providers, is implementing a MAT Continuation Program to assist individuals who are already actively participating in a MAT program to continue such treatment in the event they become incarcerated at the Arapahoe County Detention Facility. The MAT Continuation Program (hereinafter "Program") is a collaborative project with Colorado Opioid Treatment Programs (hereinafter "OTPs") that will allow patients in the Arapahoe County Detention Facility to continue on MAT while in custody at the Arapahoe County Detention Facility, therefore allowing patients a safe and secure environment to continue MAT treatment prior to transitioning to the community.

I. Purpose

- a. This Memorandum of Understanding (MOU) sets out the terms by which the ACSO, CCS, Addiction Research and Treatment Services (ARTS), Denver Recovery Group (DRG), and Behavioral Health Group (BHG) will work together to continue the Program for eligible patients on MAT while they are in custody in the Arapahoe County Detention Facility.
- b. The main purpose of this collaborative project is to facilitate MAT in a safe and controlled environment for patients who have been otherwise unable to continue this medication specifically due to being incarcerated at the Arapahoe County Detention Facility.
- c. OTPs of this MOU are identified as:
 - i. Addiction Research and Treatment Services (ARTS)
 - ii. Denver Recovery Group (DRG)
 - iii. Behavioral Health Group (BHG)
- d. Medication Assisted Treatment (MAT) is defined (by the Substance Abuse and Mental Health Services Administration, aka SAMHSA) as:
 - i. The use of medications, in combination with counseling and behavioral therapies, for the treatment of substance use disorders. A combination of medication and behavioral therapies is effective in the treatment of substance use disorders, and can help some people to sustain recovery.
 - ii. All patients within the MAT program may not require counseling, while incarcerated; however, CCS may recommend counseling to the treating OTP. If the treating OTP indicates that counseling is required; this service shall be arranged. Communication on the OTP's decision on the need for counseling shall be relayed back to CCS within five (5) business days. The decision to add counseling shall be

coordinated with the patient's appropriate OTP and documented in the patient's (incarcerated) medical chart.

- iii. Medications used in MAT may be methadone, buprenorphine products (e.g., Suboxone, Subutex), naltrexone, extended-release injectable naltrexone (e.g., Vivitrol) and disulfiram (e.g., Antabuse).
-

II. Roles and Responsibilities

a. CCS

- i. CCS nursing staff will identify patients currently enrolled in a MAT treatment program during the pre-book screening and overall receiving process.
 - ii. Upon applicable current MAT treatment identification, CCS nursing staff will educate involved patients as to the Program within the Arapahoe County Detention Facility and obtain the patient's written consent to participate in the Program, as well as obtain a Program specific, Release of Information (ROI) form, which specifically includes all collaborating agencies of the Program.
 - iii. CCS nursing staff will confirm admission and current participation in MAT treatment of identified patients through the applicable OTP or the Office of Behavioral Health (OBH). These efforts shall be documented in the electronic medical record.
 - 1. Enrollment inquire will include:
 - a. First name
 - b. Last name
 - c. Social Security Number and/or Date of Birth
 - iv. Following enrollment confirmation, CCS nursing staff will contact the respective OTP to verify applicable dosing information.
 - v. If the patient is actively participating in MAT outside the identified Program OTPs, a temporary bridge dose ("bridge dose") process may occur in accordance with applicable laws and regulations including DEA regulations (refer to Section "II(e)" for more information).
 - vi. CCS nursing staff will coordinate with OTPs for medication re-ordering and delivery scheduling for patients requiring continued MAT Program medication needs.
 - vii. CCS nursing staff will obtain custody of, verify, and properly secure MAT medications delivered to the Arapahoe County Detention Facility, as provided by OTPs.
 - viii. Upon receipt, verification, and proper storage of Program medications for applicable patients, CCS nursing staff will immediately enter such medication order into the involved patient's electronic medical record.
-

- ix. **CCS nursing staff will administer MAT Program medications and monitor patient's medical condition, recording such information in the involved patient's electronic medical record and applicable controlled substance log records.**
 - x. **CCS nursing staff will record any refusal of MAT Program medications according to standard CCS refusal of service protocols, documenting such activity in the involved patient's electronic medical record.**
 - xi. **CCS nursing staff will monitor the involved patient's medical needs to ensure patient's medical needs pertaining to applicable withdrawal signs and symptoms are addressed in a timely manner, consistent with CCS withdrawal protocols and provider treatment recommendations.**
 - xii. **CCS nursing staff will dispose of expired MAT medications, including OTP delivered controlled substances, according to internal (ACSO and CCS) policies that are associated with the destruction of controlled substances.**
 - xiii. **CCS nursing staff, medical records, or administrative staff will coordinate scheduling of applicable counseling and behavioral health treatment with ACSO and involved OTPs. Such information shall be documented and scheduled in the involved patient's (incarcerated) electronic medical record.**
 - xiv. **CCS will coordinate with Program OTPs related to any request for a patient to be transported for medically necessary appointments, such as OTP physician exams or follow-up appointments.**
 - 1. **Such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.**
 - xv. **CCS medical records or nursing staff will coordinate with Program OTPs in the event a Program OTP physician needs to come on-site to the Arapahoe County Detention Facility to meet with an involved patient, and/or facilitate such encounter via telemedicine, in the event such option becomes available.**
 - xvi. **CCS administrative staff will coordinate applicable facility clearance requests with involved Program OTP staff and ACSO to ensure proper clearance is requested, granted and such results are communicated back to involved Program OTP in a timely manner.**
- b. ACSO**
- i. **ACSO will work with CCS staff and Program OTPs to arrange transports for medically necessary appointments, such as OTP physician exams or follow-up appointments.**
 - ii. **ACSO Drug Court Coordinator, or designee, will send referrals from the docket to the email distribution list no later than 5:00PM on the same day the referral is made.**
 - iii. **ACSO will process all Program OTP representative facility clearance requests, communicating such results to CCS administrative staff.**
 - iv. **ACSO will accommodate and provide a confidential setting in a secured area for an approved Program OTP representative to meet with Program patients for**

counseling, behavioral health and/or provider encounters as deemed necessary for the MAT Program treatment needs of each patient.

c. OTPs

- i. OTPs will provide CCS with their respective clinic information, specifically providing:
 1. Contact information, including daytime contact number and "after hours" contact number;
 2. Hours of operation;
 3. Facility provider name and credentials; and,
 4. Delivery Schedule of medications to the Arapahoe County Detention Facility (each day Monday – Saturday).
 - ii. OTPs will coordinate with CCS and ACSO to provide an approved, universal blank, ROI to be used by all Program OTPs.
 - iii. Following receipt of a Program ROI, OTPs will confirm current admission and participation in a MAT program at their respective facility, with such confirmation being provided back to CCS nursing staff.
 - iv. OTPs will prepare, document accordingly and deliver identified MAT Program medications to the Arapahoe County Detention Facility, making efforts to reduce the patients' number of missed doses of medication.
 1. Medication delivered will follow OBH, DEA and federal rules and guidelines.
 2. OTPs will acquire necessary permissions to deliver medications.
 3. Amount of medication delivered may not exceed seven (7) doses at any given time per patient.
 - v. OTPs will coordinate ongoing medical care, such as OTP physician visits with CCS, and any applicable counseling.
 1. Upon notification of potential counseling needs, the treating OTP will review recommendation, and respond to CCS within five (5) business days.
 - vi. OTP representatives who may come on-site to meet with any Program patients will complete a required facility clearance form, providing such information to CCS administrative staff as needed for proper facility clearance purposes.
 - vii. OTPs will communicate with CCS staff to schedule and coordinate transportation for counseling and behavioral health treatment for Program patients
 - viii. OTPs will communicate with CCS staff to coordinate any requests that a patient be transported to an OTP for medically necessary appointments, such as OTP physician exams and/or follow-up appointments.
 1. OTPs are aware such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.
 - ix. In conjunction with applicable laws and guidelines, OTPs will provide bridge dosing for individuals confirmed to be currently participating in a MAT treatment
-

program from a provider outside the Program OTPs. Refer to Section e below for more information.

d. Office of Behavioral Health (OBH)

i. OBH will provide CCS nursing staff with OTP enrollment confirmation upon request.

e. Bridge Dosing:

- i. Patients identified as currently admitted to and participating in a MAT treatment program provided by an OTP clinic that is not party to this MOU will be able to continue such MAT treatment under a Program OTP while incarcerated at the Arapahoe County Detention Facility.**
- ii. In order to qualify for bridge dosing, patients will be required to sign an ROI so that the non-Program OTP clinic may provide treatment information to CCS and to the OTP that provides the bridge dosing (see section II(a)(ii) above)**
- iii. Cost of services will fall under preexisting agreements between ACSO, CCS and the bridge dosing OTP.**

III. Cost of Services

- a. The Parties agree that the costs for services under this MOU shall be in accordance with the following fee schedule:**
 - i. Delivery of medications: \$75 per delivery (each trip constituting a "delivery" regardless of number of doses of any particular medication delivered)**
 - ii. Methadone: \$12 per dose**
 - iii. Suboxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose**
 - iv. Buprenorphine/naloxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose**
 - v. Vivitrol: \$1193.20 per dose**
 - vi. Antabuse: \$12.67 per dose**
- b. The OTPs shall submit invoices to CCS for payment of the services described in this Agreement. Invoices shall be submitted within thirty (30) days following the month of service (e.g., invoices shall be submitted by or before the end of August 2018 for services rendered in July 2018). CCS shall pay said invoices within sixty (60) days. CCS shall be responsible for remitting payment to the OTP in a timely manner. The ultimate responsibility and/or sharing of the costs of the services under this Agreement between CCS and the ACSO shall be the subject of a separate cost-sharing agreement between CCS and the ACSO.**

IV. Risk

- a. Each party to this MOU shall be responsible for its own acts and/or omissions and the acts and/or omissions of its employees, contractors, and agents.**
-

V. Evaluation

- a. In order to determine the effectiveness of the Program, certain measures will be collected and tracked by the participants of the Program.**
- b. In collaboration with the ACSO and the OTPs, CCS shall collect, track, and report:**
 - i. Number of individuals identifying as currently participating in an opioid MAT treatment program.**
 - ii. Number of individuals verified to be currently participating in an opioid MAT treatment program.**
 - iii. Number of individuals receiving MAT Program medications in the Program, with specific tracking of**
 - 1. Which specific medications are being administered, and**
 - 2. From which specific Program OTP.**
 - iv. Number of individuals involved as a bridge dosing MAT Program patient.**
 - v. Number of deliveries, including tracking of number of doses, occurring from each Program OTP.**
- c. In collaboration with the ACSO and CCS, OTPs shall collect, track, and report:**
 - i. Number of instances of relapse in opioid use at 2 weeks, 1 month and 3 months post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.**
 - ii. Number of physician encounters by an OTP physician meeting with a MAT program patient**
 - 1. at the Arapahoe County Detention Facility, and**
 - 2. at the applicable OTP clinic.**
 - iii. Number of counseling treatment encounters by an OTP counselor meeting with a MAT program patient**
 - 1. at the Arapahoe County Detention Facility, and**
 - 2. at the applicable OTP clinic.**
- d. The measures outlined in Sections V(a)-(c) shall be collected on a monthly basis and submitted to the ACSO Administrative Manager by the 10th of each month (displaying the previous month's activities).**
- e. CCS and the ACSO shall collaborate to track recidivism (return to jail) within one (1) year post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.**

VI. Term and Effect

- a. This MOU will remain in effect for twelve (12) months unless amended or terminated as set forth below.**
- b. This MOU may be amended at any time, upon written agreement of the involved parties.**

- c. Any party may terminate its involvement in this MOU without cause upon 30 days' notice to the other parties. Notices under this Agreement shall be addressed to: the ACSO, OTPs, and CCS as follows:

**Arapahoe County MAT Continuation Project
Memorandum of Understanding**

Upon entering the Arapahoe County judicial system, many people report having an addiction to and/or recent use of opioids. Medication Assisted Treatment (MAT) is effectively used to treat severe opioid use disorder. Arapahoe County on behalf of the Arapahoe County Sheriff's Office (the "ACSO"), in collaboration with Correct Care Solutions, LLC ("CCS") and various local opioid treatment providers, is implementing a MAT Continuation Program to assist individuals who are already actively participating in a MAT program to continue such treatment in the event they become incarcerated at the Arapahoe County Detention Facility. The MAT Continuation Program (hereinafter "Program") is a collaborative project with Colorado Opioid Treatment Programs (hereinafter "OTPs") that will allow patients in the Arapahoe County Detention Facility to continue on MAT while in custody at the Arapahoe County Detention Facility, therefore allowing patients a safe and secure environment to continue MAT treatment prior to transitioning to the community.

- I. Purpose
 - a. This Memorandum of Understanding (MOU) sets out the terms by which the ACSO, CCS, Addiction Research and Treatment Services (ARTS), Denver Recovery Group (DRG), and Behavioral Health Group (BHG) will work together to continue the Program for eligible patients on MAT while they are in custody in the Arapahoe County Detention Facility.
 - b. The main purpose of this collaborative project is to facilitate MAT in a safe and controlled environment for patients who have been otherwise unable to continue this medication specifically due to being incarcerated at the Arapahoe County Detention Facility.
 - c. OTPs of this MOU are identified as:
 - i. Addiction Research and Treatment Services (ARTS)
 - ii. Denver Recovery Group (DRG)
 - iii. Behavioral Health Group (BHG)
 - d. Medication Assisted Treatment (MAT) is defined (by the Substance Abuse and Mental Health Services Administration, aka SAMHSA) as:
 - i. The use of medications, in combination with counseling and behavioral therapies, for the treatment of substance use disorders. A combination of medication and behavioral therapies is effective in the treatment of substance use disorders, and can help some people to sustain recovery.
 - ii. All patients within the MAT program may not require counseling, while incarcerated; however, CCS may recommend counseling to the treating OTP. If the treating OTP indicates that counseling is required; this service shall be arranged. Communication on the OTP's decision on the need for counseling shall be relayed back to CCS within five (5) business days. The decision to add counseling shall be

- coordinated with the patient's appropriate OTP and documented in the patient's (incarcerated) medical chart.
- iii. Medications used in MAT may be methadone, buprenorphine products (e.g., Suboxone, Subutex), naltrexone, extended-release injectable naltrexone (e.g., Vivitrol) and disulfiram (e.g., Antabuse).
-

II. Roles and Responsibilities

a. CCS

- i. CCS nursing staff will identify patients currently enrolled in a MAT treatment program during the pre-book screening and overall receiving process.
 - ii. Upon applicable current MAT treatment identification, CCS nursing staff will educate involved patients as to the Program within the Arapahoe County Detention Facility and obtain the patient's written consent to participate in the Program, as well as obtain a Program specific, Release of Information (ROI) form, which specifically includes all collaborating agencies of the Program.
 - iii. CCS nursing staff will confirm admission and current participation in MAT treatment of identified patients through the applicable OTP or the Office of Behavioral Health (OBH). These efforts shall be documented in the electronic medical record.
 - l. Enrollment inquire will include:
 - a. First name
 - b. Last name
 - c. Social Security Number and/or Date of Birth
 - iv. Following enrollment confirmation, CCS nursing staff will contact the respective OTP to verify applicable dosing information.
 - v. If the patient is actively participating in MAT outside the identified Program OTPs, a temporary bridge dose ("bridge dose") process may occur in accordance with applicable laws and regulations including DEA regulations (refer to Section "II(e)" for more information).
 - vi. CCS nursing staff will coordinate with OTPs for medication re-ordering and delivery scheduling for patients requiring continued MAT Program medication needs.
 - vii. CCS nursing staff will obtain custody of, verify, and properly secure MAT medications delivered to the Arapahoe County Detention Facility, as provided by OTPs.
 - viii. Upon receipt, verification, and proper storage of Program medications for applicable patients, CCS nursing staff will immediately enter such medication order into the involved patient's electronic medical record.
-

- ix. CCS nursing staff will administer MAT Program medications and monitor patient's medical condition, recording such information in the involved patient's electronic medical record and applicable controlled substance log records.
 - x. CCS nursing staff will record any refusal of MAT Program medications according to standard CCS refusal of service protocols, documenting such activity in the involved patient's electronic medical record.
 - xi. CCS nursing staff will monitor the involved patient's medical needs to ensure patient's medical needs pertaining to applicable withdrawal signs and symptoms are addressed in a timely manner, consistent with CCS withdrawal protocols and provider treatment recommendations.
 - xii. CCS nursing staff will dispose of expired MAT medications, including OTP delivered controlled substances, according to internal (ACSO and CCS) policies that are associated with the destruction of controlled substances.
 - xiii. CCS nursing staff, medical records, or administrative staff will coordinate scheduling of applicable counseling and behavioral health treatment with ACSO and involved OTPs. Such information shall be documented and scheduled in the involved patient's (incarcerated) electronic medical record.
 - xiv. CCS will coordinate with Program OTPs related to any request for a patient to be transported for medically necessary appointments, such as OTP physician exams or follow-up appointments.
 - 1. Such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.
 - xv. CCS medical records or nursing staff will coordinate with Program OTPs in the event a Program OTP physician needs to come on-site to the Arapahoe County Detention Facility to meet with an involved patient, and/or facilitate such encounter via telemedicine, in the event such option becomes available.
 - xvi. CCS administrative staff will coordinate applicable facility clearance requests with involved Program OTP staff and ACSO to ensure proper clearance is requested, granted and such results are communicated back to involved Program OTP in a timely manner.
- b. ACSO
- i. ACSO will work with CCS staff and Program OTPs to arrange transports for medically necessary appointments, such as OTP physician exams or follow-up appointments.
 - ii. ACSO Drug Court Coordinator, or designee, will send referrals from the docket to the email distribution list no later than 5:00PM on the same day the referral is made.
 - iii. ACSO will process all Program OTP representative facility clearance requests, communicating such results to CCS administrative staff.
 - iv. ACSO will accommodate and provide a confidential setting in a secured area for an approved Program OTP representative to meet with Program patients for

counseling, behavioral health and/or provider encounters as deemed necessary for the MAT Program treatment needs of each patient.

c. OTPs

- i. OTPs will provide CCS with their respective clinic information, specifically providing:
 1. Contact information, including daytime contact number and "after hours" contact number;
 2. Hours of operation;
 3. Facility provider name and credentials; and,
 4. Delivery Schedule of medications to the Arapahoe County Detention Facility (each day Monday – Saturday).
 - ii. OTPs will coordinate with CCS and ACSO to provide an approved, universal blank, ROI to be used by all Program OTPs.
 - iii. Following receipt of a Program ROI, OTPs will confirm current admission and participation in a MAT program at their respective facility, with such confirmation being provided back to CCS nursing staff.
 - iv. OTPs will prepare, document accordingly and deliver identified MAT Program medications to the Arapahoe County Detention Facility, making efforts to reduce the patients' number of missed doses of medication.
 1. Medication delivered will follow OBH, DEA and federal rules and guidelines.
 2. OTPs will acquire necessary permissions to deliver medications.
 3. Amount of medication delivered may not exceed seven (7) doses at any given time per patient.
 - v. OTPs will coordinate ongoing medical care, such as OTP physician visits with CCS, and any applicable counseling.
 1. Upon notification of potential counseling needs, the treating OTP will review recommendation, and respond to CCS within five (5) business days.
 - vi. OTP representatives who may come on-site to meet with any Program patients will complete a required facility clearance form, providing such information to CCS administrative staff as needed for proper facility clearance purposes.
 - vii. OTPs will communicate with CCS staff to schedule and coordinate transportation for counseling and behavioral health treatment for Program patients
 - viii. OTPs will communicate with CCS staff to coordinate any requests that a patient be transported to an OTP for medically necessary appointments, such as OTP physician exams and/or follow-up appointments.
 1. OTPs are aware such off-site MAT treatment transports shall not interfere with or take precedence over other off-site medical appointments.
 - ix. In conjunction with applicable laws and guidelines, OTPs will provide bridge dosing for individuals confirmed to be currently participating in a MAT treatment
-

program from a provider outside the Program OTPs. Refer to Section e below for more information.

d. Office of Behavioral Health (OBH)

i. OBH will provide CCS nursing staff with OTP enrollment confirmation upon request.

e. Bridge Dosing:

i. Patients identified as currently admitted to and participating in a MAT treatment program provided by an OTP clinic that is not party to this MOU will be able to continue such MAT treatment under a Program OTP while incarcerated at the Arapahoe County Detention Facility.

ii. In order to qualify for bridge dosing, patients will be required to sign an ROI so that the non-Program OTP clinic may provide treatment information to CCS and to the OTP that provides the bridge dosing (see section II(a)(ii) above)

iii. Cost of services will fall under preexisting agreements between ACSO, CCS and the bridge dosing OTP.

III. Cost of Services

a. The Parties agree that the costs for services under this MOU shall be in accordance with the following fee schedule:

i. Delivery of medications: \$75 per delivery (each trip constituting a "delivery" regardless of number of doses of any particular medication delivered)

ii. Methadone: \$12 per dose

iii. Suboxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose

iv. Buprenorphine/naloxone: 2 to <10mg \$4.66 to \$8.05 each plus administration of \$12.67 per dose

v. Vivitrol: \$1193.20 per dose

vi. Antabuse: \$12.67 per dose

b. The OTPs shall submit invoices to CCS for payment of the services described in this Agreement. Invoices shall be submitted within thirty (30) days following the month of service (e.g., invoices shall be submitted by or before the end of August 2018 for services rendered in July 2018). CCS shall pay said invoices within sixty (60) days. CCS shall be responsible for remitting payment to the OTP in a timely manner. The ultimate responsibility and/or sharing of the costs of the services under this Agreement between CCS and the ACSO shall be the subject of a separate cost-sharing agreement between CCS and the ACSO.

IV. Risk

a. Each party to this MOU shall be responsible for its own acts and/or omissions and the acts and/or omissions of its employees, contractors, and agents.

V. Evaluation

- a. In order to determine the effectiveness of the Program, certain measures will be collected and tracked by the participants of the Program.
- b. In collaboration with the ACSO and the OTPs, CCS shall collect, track, and report:
 - i. Number of individuals identifying as currently participating in an opioid MAT treatment program.
 - ii. Number of individuals verified to be currently participating in an opioid MAT treatment program.
 - iii. Number of individuals receiving MAT Program medications in the Program, with specific tracking of
 1. Which specific medications are being administered, and
 2. From which specific Program OTP.
 - iv. Number of individuals involved as a bridge dosing MAT Program patient.
 - v. Number of deliveries, including tracking of number of doses, occurring from each Program OTP.
- c. In collaboration with the ACSO and CCS, OTPs shall collect, track, and report:
 - i. Number of instances of relapse in opioid use at 2 weeks, 1 month and 3 months post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.
 - ii. Number of physician encounters by an OTP physician meeting with a MAT program patient
 1. at the Arapahoe County Detention Facility, and
 2. at the applicable OTP clinic.
 - iii. Number of counseling treatment encounters by an OTP counselor meeting with a MAT program patient
 1. at the Arapahoe County Detention Facility, and
 2. at the applicable OTP clinic.
- d. The measures outlined in Sections V(a)-(c) shall be collected on a monthly basis and submitted to the ACSO Administrative Manager by the 10th of each month (displaying the previous month's activities).
- e. CCS and the ACSO shall collaborate to track recidivism (return to jail) within one (1) year post-release for those involved in the Program while incarcerated at the Arapahoe County Detention Facility.

VI. Term and Effect

- a. This MOU will remain in effect for twelve (12) months unless amended or terminated as set forth below.
- b. This MOU may be amended at any time, upon written agreement of the involved parties.

- c. Any party may terminate its involvement in this MOU without cause upon 30 days' notice to the other parties. Notices under this Agreement shall be addressed to: the ACSO, OTPs, and CCS as follows:

- d. Any party may terminate its involvement in this MOU for reasonable cause effective immediately upon receipt of the other parties of written notice of intent to terminate for cause, or at such other time as may be stated in the notice.

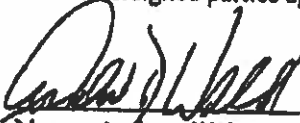

- e. If one party should choose to terminate its involvement in this MOU, it does not nullify the MOU between the other remaining parties provided the intent and purpose of the MOU can still be met.

VII. General Provisions

- a. No third-party beneficiary rights or benefits of any kind are expressly or impliedly provided herein.
- b. The parties agree to comply with all federal and state confidentiality laws.
- c. The parties agree to comply with all applicable federal and state controlled substance laws, specifically those laws relating to dispensing, administration, storage and destruction guidelines.
