Re: Temporary Modification of Premises

The State Liquor Enforcement Division has adopted new Rule 47-302(F) in the Colorado Liquor Rules to allow for temporary modifications due to COVID-19 of the licensed premises.

This new Rule allows for businesses licensed for the sale of alcohol beverages for on-premise consumption to temporarily expand service into contiguous areas such as patios, parking areas, sidewalks, and other contiguous outdoor spaces that would be suitable for such service subject to the provisions of that Rule.

In addition the Board of County Commissioners for Arapahoe County has adopted a Resolution to allow for temporary outdoor service areas for places of public accommodation, such as bars and restaurants, when allowed under any applicable Public Health Order, provided that the business first obtain approval from the Arapahoe County Department of Public Works, Planning Division for such areas.

Please be advised that any business licensed to sell alcohol for on-premise consumption that desires to establish a temporary outdoor service area for the sale and service of alcohol beverages must apply to both the Arapahoe County Department of Public Works, Planning Division, to obtain permission for the outdoor service area and must submit an application under Rule 47-302(F), Emergency Rule 47-1102 & Emergency Rule 47-1103 for approval to modify the licensed for the temporary area.

For additional information on premises modifications, please access the Colorado Department of Revenue - Liquor Enforcement Division's website at: <https://www.colorado.gov/pacific/enforcement/liquor>. Arapahoe County Department of Public Works, Planning Division can be reached by (720) 874-6650 during regular business hours.
